**RE: FOXROCK PAVING**

To whom it concerns,

I recently used Foxrock Paving to complete a sandstone patio / path project of my own. From the outset and at all times throughout, I found them to be competent, tidy, trustworthy and reliable. They provided an initial competitive fixed price quote, provided a uniformed supervised team of skilled workmen, did exactly what was promised (and more) while charging the agreed price upon completion.

Furthermore, they completed the work promptly, to an excellent level of workmanship with particular attention paid to detail while fully accommodating late and specific client requests.

I have only the highest of praise for the completed work which is without fault and would therefore have no reservations in recommending them for similar work both in a professional and personal capacity. Such references are not common and if you would like to discuss my experience further please do not hesitate to contact me directly on 087 415 5999.

Yours sincerely,
